

Foam Pig type PU-HD-CC

The criss cross foam pig is provided with a crisscross pattern of tough, low-wear polyurethane scraping bands. These bands generate effective pipe wall cleaning. Both the nose and back are coated as well with red colored elastomer, which makes the pig appropriate for heavy duty removal of debris.

Standard dimensions in mm, Standard deviation +/- 2%.
Special dimensions and executions available upon request.
Density: 110 kg/m³ (9 lbs/cft)
Maximum diameter reduction: 10%
